Last Week:

Projects and fellowship are the bricks and mortar of Rotary. The long standing Emthonjeni Project has been formally completed and last week's meeting was to explore potential new projects. Left photo is Ansie Hibberd on a possible project involving a Boys home in Brixton which is a temporary shelter for children from the street. We were intrigued by the non-coercive manner in which the shelter gains the trust of the children and their freedom of movement. The children in turn reciprocate by respecting the shelter. The appeal of the project is that the help required is more mentoring than financial and does not require contributing to operating expenses. It was agreed that the club would first visit the home socially to chart out possible future involvement.

Right photo is President Andrew with "speaker" Ansie.

The Week That Was:

Friday 15 June. 70 wheelchairs. The single biggest handout of wheelchairs in a single day. Most of the recipients were from Orange Farm but a number of other organisations also brought mobility impaired individuals. At times it was bedlam, at times heart-rending but overriding was the thanks to the RC of Rushmoor and the sponsorship of FEM that made the day possible.

Saturday 16 and Sunday 17 June; Blanket Drive Randridge Mall and Blanket Drive Soiree Saturday 16 June.

Dr Jan Christoph Hadenfeldt of RC Northcliff introduced us to the intricacies of the King of Instruments in "Organ behind the scenes" at St Georges Church, Parktown. The two days at Randridge Mall raised R 10657.30 and the musical evening raised R 6 050. Thanks to St Georges Church and the Deutsche Internationale Schule, Johannesburg for their support. An excellent result and many will sleep warmer this winter.
