Our speaker

We did not have a scheduled speaker but we did have three visitors. Pam van Wyk, Eileen Botha and Geoff Hall. We were going to discuss some project details but it turned into a project update session for our visitors to give them an introduction into what we do and how we do it. Was it all the projects but the meeting ran somewhat overtime though no one seemed to mind. It was the first time Lylie had to do Rotary 90 second slot and her choice was also most apt for our visitors. She covered the founding and development of Rotary as well as some famous Rotarians. In a wonderful combination of fact and humour we all learnt something new and no one objected to the 90 seconds extending into 300 some seconds. They were very worthwhile.

Humour Corner

Sherlock Holmes and Dr Watson were going camping. They pitched their tent under the stars and went to sleep.

Sometime in the middle of the night Holmes woke Watson up and said: "Watson, look up at the stars, and tell me what you see."

Watson replied: "I see millions and millions of stars."

Holmes said: "and what do you deduce from that?"

Watson replied: "Well, if there are millions of stars, and if even a few of those have planets, it's quite likely there are some planets like earth out there. And if there are a few planets like earth out there, there might also be life."

And Holmes said: "Watson, you idiot, it means that somebody stole our tent."
