Diary of Forthcoming Events

12- 14 October Rotary Family Health Day
15 October Fairlands Fete
05 November GEM Cottages Fete.
19 November Guild Cottage

Our speaker

Our speaker last Wednesday was Craig Towill. Craig is the CEO of Living Graphix, the company that hosts the Northcliff Rotary Club website. Craig describes himself as an accidental graphic designer but that modest description belies a wealth of talent and experience. His talk was on the internet in general which can be likened to describing the Grand Canyon in five words. Craig imbued us with the same sense of awe, wonder and fascination which translated to one of the longest post meeting social interactions for a long time. Thank you, Craig.

Our New Member

Congratulations to Lylie Beukes on her induction as the newest member of the RC of Northcliff. Lylie is an industrial psychologist and runs her own practice "Fitz Best."

v Setting Up

^ Sustenance for the workers
v the early queue

Night at the Races

The Night at the Races held in conjunction with the E-Club of Southern Africa was a great success. The final figures are still being determined but it was amongst the best ever. Thank you to Andre and Maizie of the E-club and particularly our major sponsors: Lombard Commercial (Platinum), Lumber Marketing (Gold) and Ian Fuller Agencies (Gold). Some scene-setters below.

Rotary in Hungary – From Lyn Somody

In the Mecsek Mountains above Pecs, we discovered a delightful circular Rotary Walk. What lovely discoveries we make along the way. Pecs is a 2000 year old Roman town called Sopianae. It sports the oldest University built in 1367

Humour Corner

A couple who work at the circus go to an adoption agency. Social workers there raise doubts about their suitability. The couple produces photos of their 50 foot motorhome, which is equipped with a beautiful nursery. The social workers then are doubtful about the education that the child would get. "We've arranged for a full-time tutor who will teach the child all the usual subjects along with French, Mandarin and computer skills."

Then there are doubts about raising a child in a circus environment. "Our nanny is an expert in paediatric welfare and diet."

The social workers are finally satisfied. They ask, "What age child are you hoping to adopt?"

"It doesn't really matter, as long as he fits in the cannon."

Rotary Family Health Day

The Rotary Family Health Day covers the 12-14 October. RC Northcliff is assisting (in a small way) members of the E-Club (and previously of the satellite club) at the Eldorado Site south of Johannesburg. The site was a hive of activity at 7 in the morning and the service providers were generally operational by 8:30 with a couple of late stragglers. The documentation is much more user friendly this year. Some of the scenes are opposite.
