Last Week

Francis presented material from the Rotary Foundation Seminar on aspects of fundraising. The approach, acknowledgment to <https://www.sosense.org/the-finance-paradoxon-for-social-enterprises> asks whether we can continue to be a traditional charity with social value as our primary driver and dependant on grants and donations or should we migrate to a social enterprise where we have a measurable social impact alongside a financial return. We migrate from seeking handouts from a shrinking pot in an overcrowded market to a social enterprise with profits reinvested. The model would attract money for, instead of a bottomless pit, there is a multiplier effect of money invested together with the social return. Pictured with Pres. Tommy is our visitor, Gert Kruger. Gert has a son out on YEX and a daughter to follow. He will also be hosting our inbound YEX and we look forward to seeing a lot more of Gert and his wife
